

SUSTAINABLE SUPPLY CHAIN MANAGEMENT

Join us for an exciting program on mastering food supply chains with students from across Europe.

Who? Bachelor and Master students

Where? Fondi, Italy

ECTS? 5 for Bachelor, 6 for Master

When?

5 online sessions in April/May, one week physical meeting in Italy from May 25th to May 29th 2026

Program

Join our third EUT+ wide spring course on Sustainable Supply Chain Management in Spring 2026. Learn about the theoretical basics on sustainability, Supply Chain Management and carbon-neutrality in European Supply Networks online and get hands-on experience through excursions, team events and fun activities during the intensive week in Fondi, Italy.

Earn CP while discovering Europe and its future!

The week in Italy is funded by Erasmus+ programs. Excursions, tickets, transportation and lunch in Italy will be provided for by Università di Cassino e Lazio Meridionale. Travel to/from Italy and accomodation need to be arranged by students but financial support from home university (Erasmus+) is available (see table). **Interested students please contact monika.futschik@h-da.de and johanna.buceriush-da.de**
