Business Administration

Would you like to study at Darmstadt Business School?

Darmstadt is an “outstanding place of learning for sustainable development” according to UNESCO commission. So we can not blame you for wanting to study here.

Darmstadt Business School. What can I expect?

A Bachelor's degree in Business Administration from the h_da Business School provides the best basis for a promising career start. According to a Germany-wide ranking by „Wirtschaftswoche“, the h_da has been among the top ten selected by HR managers for many years.

Darmstadt Business School is known for:

- Practical orientation taught by lecturers with professional experience
- Learning and working in small groups
- The development of soft skills and general knowledge with integrated course options of society, culture and languages in every degree programme.

With our nine well-founded and practice-oriented degree programmes, we are currently preparing more than 2,300 students for their professional future and offer international students a broad variety of different business programs and modules.

The Darmstadt Business School has two main campuses in Darmstadt and Dieburg. Both are located right in the centre of Germany and in the economic heart of the Rhine-Main region. The campuses can be easily reached from the Frankfurt international airport with public transportation and offer a great starting location for weekend travels within Germany.

Program overview

Understanding how businesses and organizations work, taking profound economic decisions, managing teams or maybe starting your own enterprise – does this sound interesting to you?

The Bachelor of Science (B.Sc.) degree in Business Administration (German: "Betriebswirtschaftslehre") will give you theoretical and practical knowledge and analytical skills necessary to understanding of economic processes in the business and international economic environment. You will be able to anticipate economic interrelationships and to take management decisions with an optimal return on investment accordingly.

Our graduates take up careers in international businesses, commerce, banking, public service and non-profit sector and anywhere else where taking sound economic decisions, analyzing business processes and skilled team management is needed. The B.Sc. degree also gives you the option of pursuing a Master's degree to further expand and deepen your knowledge.

Key facts

Program	Business Administration
Duration	3 Years
Form of Study	Full Time
Degree	Bachelor of Science
Language	German with some English modules
Campus	Dieburg
Annual number of students	150

Program structure

The curriculum of the program consists of mandatory and elective modules. The mandatory modules will give you a strong foundation in core disciplines a well-versed manager has to master: economics, finance, management, accounting and foreign languages. The elective modules will give you an opportunity to widen your knowledge by a number of specializations. Students choose two out of seven majors to enrich their study experience by different perspectives:

- Information Management
- Logistics
- Marketing
- Accounting and Tax
- Controlling and Finance
- International Economics and Management (English)
- Non-Profit-Management
